**Padtec S.A. signs with CPqD an agreement for rendering services**

Campinas, São Paulo, October 24th, 2024 - PADTEC HOLDING S.A. (B3: PDTC3) ("Padtec" or "Company"), according to Annex F of CVM Resolution 80/22, informs the below-related parties transaction ("Transaction") celebrated by its subsidiary Padtec S.A.:

**I. Transaction Description**

**Related Parties and their association with the Company**

Padtec S.A., a subsidiary of Padtec Holding S.A., and Fundação CPqD - Centro de Pesquisa e Desenvolvimento em Telecomunicações ("CPqD"), the Company's controlling shareholder.

**Object, main terms, and conditions**

Subsidiary Padtec S.A. celebrated an agreement with CPqD to provide logistics, customs, and OPGW cable disposal services to fulfill a contract with a specific client.

The total amount involved is R\$40,000.00 (forty thousand reais). The agreement shall be terminated upon the execution of the object itself. The obligations of the parties are those usual in a contract with such scope.

**II. If, when, in what way, and to what extent the counterparty in the Transaction, its partners, or managers participate in the process:**

- issuer's decision about the Transaction, describing this participation;
- negotiation of the Transaction as representatives of the issuer, describing this participation.

All the Transaction conditions were analyzed and validated at Padtec Holding S.A.'s Board of Officers' Meeting, Board of Directors' Meeting, and the Extraordinary General Meeting of Padtec S.A. The Company's Related Parties Transaction Policy was also observed.

**III. A detailed justification of the reasons why the Company's management considers that the Transaction observed commutative conditions or provided for adequate compensatory payment, informing:**

if the issuer requested proposals, performed any price-taking procedure, or otherwise tried to perform the Transaction with third parties, explaining, if not, the reasons why it did not do so or, if so, the procedures carried out and its results;

the reasons the issuer considered carrying out the Transaction with the related party and not with third parties; and

a detailed description of the measures taken, and procedures adopted to ensure the commutativity of the operation.

Padtec S.A. did not request quotations from other potential suppliers as the contracted object is an extension of a project already underway with CPqD, contracted in May 2024. Padtec's technical team evaluated the values, expertise, and conditions offered by CPqD and deemed them satisfactory.

The negotiation of the terms and conditions of the Transaction took place independently and was conducted in a way that preserved the Company's best interests. The Company believes that the procedures adopted were appropriate to guarantee the Transaction's commutativity and its corporate governance compliance.
